YEARS OF
COMMITMENT

Standard warranty already proves our confidence in the durability of TANA shredders. But now, we're going further.

With the Built to Outlast campaign, we're offering an **extended warranty of up to 3,000 hours or three years**, whichever comes first, on new TANA shredders. This bold move reflects our commitment to quality, reliability, and long-term support.

WHY BUILT TO OUTLAST?

Because today's machine owners demand more - and TANA delivers. Our shredders are engineered for heavy-duty performance, and this extended warranty is a clear demonstration of how much we stand behind a product that's built to outlast.
